

COMPANY PROFILE

Red Hawks
Army Protection Projects (Pty) Ltd

Our Business is to Protect Yours

At Red Hawks, our objective is to provide an accountable service coupled with strong communication skills to help ensure things run smoothly and efficiently.

All personnel are always alert and aware of their surroundings. A heightened sense of awareness and alertness can help them determine if a situation or a person is a threat and ultimately have a proactive rather than reactive response.

Our Business is to Protect Yours

INTRODUCTION

In this rapidly changing world and unsettling climate we strive to understand the trends and economic forces. We look beyond the hurdles and forever aim to develop key solution-based security solutions.

Red Hawks Army Protection Projects (Pty) Ltd was founded by Mr Bhekumuzi Twala in 2012.

Mr Twala's main objective is to be a responsible citizen making noteworthy differences by helping build and support sustainable communities. The company has no restriction on business activities providing services to various sectors not limited but mainly driven on the safety and security sector.

COMPANY MISSION

Our roadmap leads with our mission, which is based on perseverance. It declares our purpose as a company and serves as the benchmark in which we weigh out actions and decisions. To create value, produce positive change and make a lasting difference. We take informed and calculated actions to adapt and improve our service levels whilst rewarding our people.

COMPANY VISION

Our vision serves as the framework for our roadmap, it guides every aspects of our business by implementing methodologies to achieving sustainable, quality growth. A fundamental goal is to create positive working environment where personnel are inspired, responsible and motivated to be the best version of themselves and create output to benefit themselves, our valued customers and shareholders.

01 **COMPANY OVERVIEW**

Are you and your Service Provider a good fit?

02 **STATIC GUARDING**

Despite the title of Static Guarding, our guards are not trained to be stationary.

03 **ARMED RESPONSE**

Is your Armed Response Service Provider really armed?

04 **CONTROL ROOM**

The heart beat of our organisation.

01 Company Overview

Red Hawks is a proudly South African security solutions company based in Johannesburg. We pride ourselves on creating peace of mind by offering responsive, effective and proven solutions that are distinctive to each valued customer.

We provide risk assessments to residential, commercial and industrial properties which aids in making informed decisions.

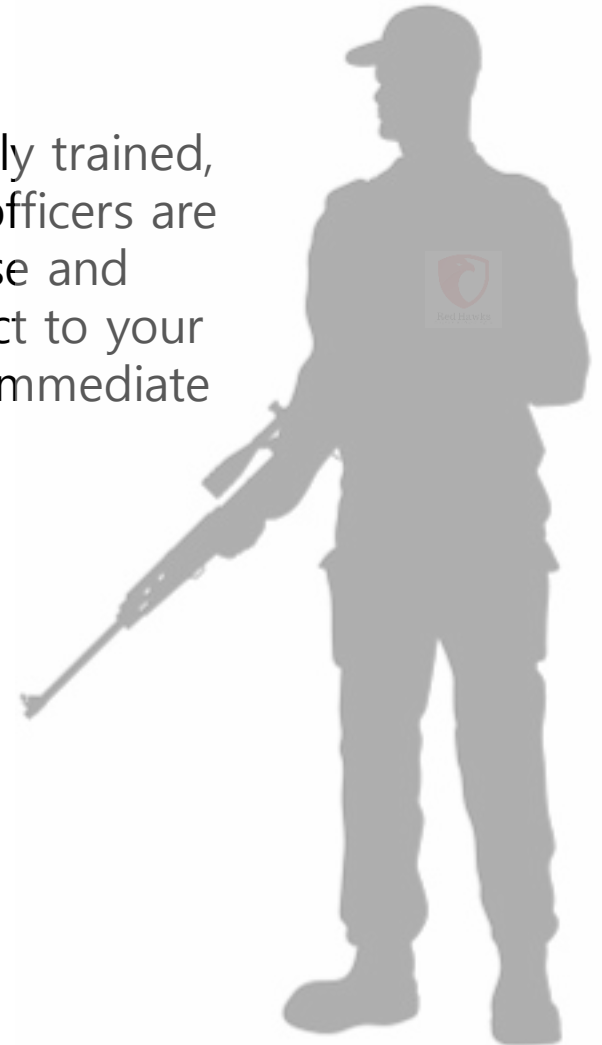

02 Static Guarding

Red Hawks is established as a leading static guarding Company in South Africa. We tender a professional static guarding service for your residential, commercial or industrial guarding requirements through the placement of trained and uniformed security officers all of whom are registered and graded in line with PSIRA regulations.

03 Armed Response

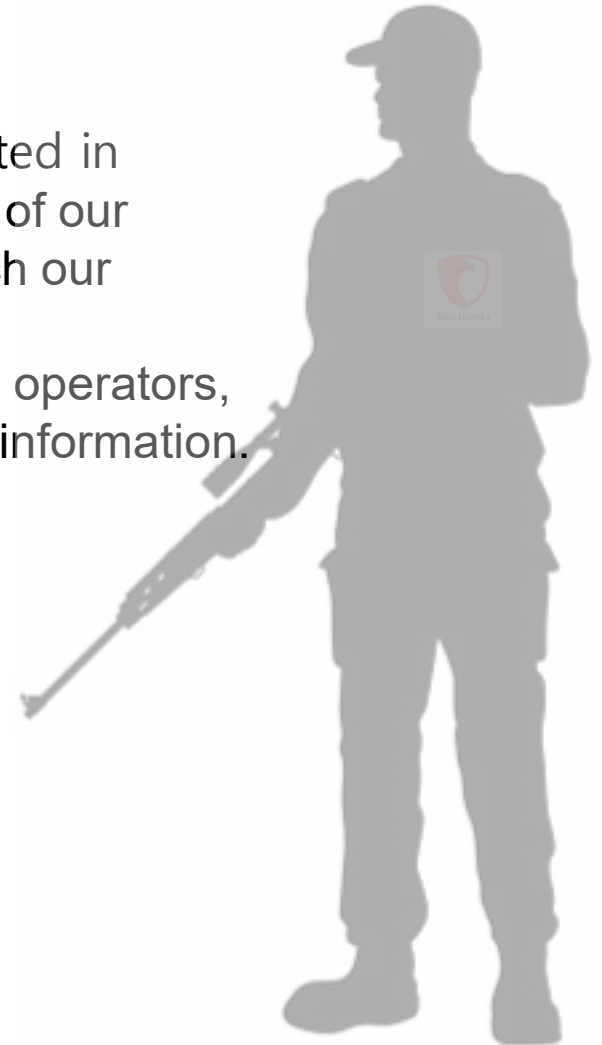

At **Red Hawks**, our response officers are highly trained, proficient and experienced professionals. All officers are vetted, fully certified and have armed response and firearm experience. Officers respond and react to your situations efficiently and effectively. We take immediate action with all alarm activations and dialed in emergencies. Your safety is our success.

04 Control Room

At **Red Hawks**, all reaction services are operated in accordance with SAIDSA standards. The heart of our organisation is our Control Centre through which our specialised services are provided.

It is staffed 24/7 with highly skilled control room operators, allowing our clients access to up-to-the-minute information.

Partner with a security provider with a proven track record offering service level agreements as part of the standard operating procedure.
